### YOU ARE LOOKING FOR CUSTOMIZED MOBILITY

FleetRent – the short-lease program of CarWise – fills the professional transportation needs of organizations quickly and flexibly. You are familiar with the situation: your company needs transportation for a short period of time. For use by a new employee with a temporary contract, or to bridge the waiting period up to the arrival of a new car, perhaps even to replace the current cars that have more parked hours than kilometers. In short, you want mobility when and where it is convenient to you, without time-consuming arrangements and sharp fee's. You are looking for the service of FleetRent.

### Nationwide network

FleetRent is a trade name for business rental and is part of the CarWise Group. Via a nationwide dealer network of Citroën Rent, Ford Rent, Mercedes-Benz Rent, Peugeot Rent and Renault Rent, FleetRent works with 300 BOVAG dealers so that a car fleet of more than 9,500 rental cars is at your disposal. Whether it regards passenger cars, small business cars, station wagon models, or diesel cars, FleetRent will always help you find the car you are looking for, at the place where you need it, and just as long or short (1 to 12 months) as you desire.

### Our service is top-class sport

The supply of services of FleetRent does not end with the rental of cars. To the contrary, we like to take it a step further than our customers. FleetRent offers customized mobility and service, from navigation to tow hook. And, of course, we constantly put in our best effort to make it as easy as possible for our customers. In a recent survey, FleetRent scores above-average in cru all customer satisfaction.

#### **Central contact point**

We have housed all administrative matters at our head office in Almere. This means one central contact point for you. Quite easy. And, if you have damage or in case of a calamity, our emergency centre is always available (24/7): 0900 – CARWISE.

#### **Most favorable fee**

Do you know in advance how long you need the car? Of course not, and that is why it is nice afterwards to hear which fee is most favorable to you. An example: If you rent the car for a period of 25 days, we take the monthly fee as the starting point. After all, that would be more favorable than being charged three times the weekly fee plus four days. In short, by determining the fee afterwards you never lack behind the facts. For that matter, all FleetRent cars are insured against Civil Liability – Hull, including free passenger insurance.

#### **Always a suitable car**

As a member of the Board you want a different car then for, by way of example, a temporary employee. As FleetRent, a nationwide dealer network with a combined fleet of over 6,000 cars, we always have the right car for the right person (or position). We guarantee mobility in the desired category. When the occasion arises, an upgrade takes place; you then receive a car in a higher category.

## FleetRent®

STERK IN EIGEN MERK ///

*Does your organization temporarily need one or more cars? With a fleet of no less than 6,000 cars FleetRent makes sure you stay mobile. For longer or shorter periods and anywhere in the Netherlands.*

### **One-way-Rent**

Our cars come to you! On workdays, during office hours, our drivers deliver the cars where and whenever you want. If you rent the car for more than 15 days, you pay a minimum compensation for this service of € 9.50 per transport. We also pick up the car again. One-way-Rent is also a possibility. Suppose FleetRent delivers the car in Groningen for you, then we effortlessly pick up the car at your establishment in, let's say, Amsterdam. We are pleased to serve you.

### **Conveniently refueling**

Nor is it a problem to – against a small monthly compensation – deliver a fuel card with the car. Without the fuel card, you can fuel anywhere in the Netherlands. You do not pay FleetRent in advance; we will settle the consumed fuel monthly in arrears with you. If desired, you can examine your fuel transactions online.

### **Optimal information**

FleetRent renders management information available to car fleet managers free of charge. This provides you with a well-organized overview of all cars and processed mutations. You personally indicate in what way we need to compose this information for you. Moreover, it is possible – if you have multiple FleetRent cars on the road – to receive the monthly invoicing digitally, as well as hardcopy. Our employees can advise you about all technical aspects.
